Protection

Superior energy efficiency and minimal maintenance. **Introducing the Safedors Diamond Range**

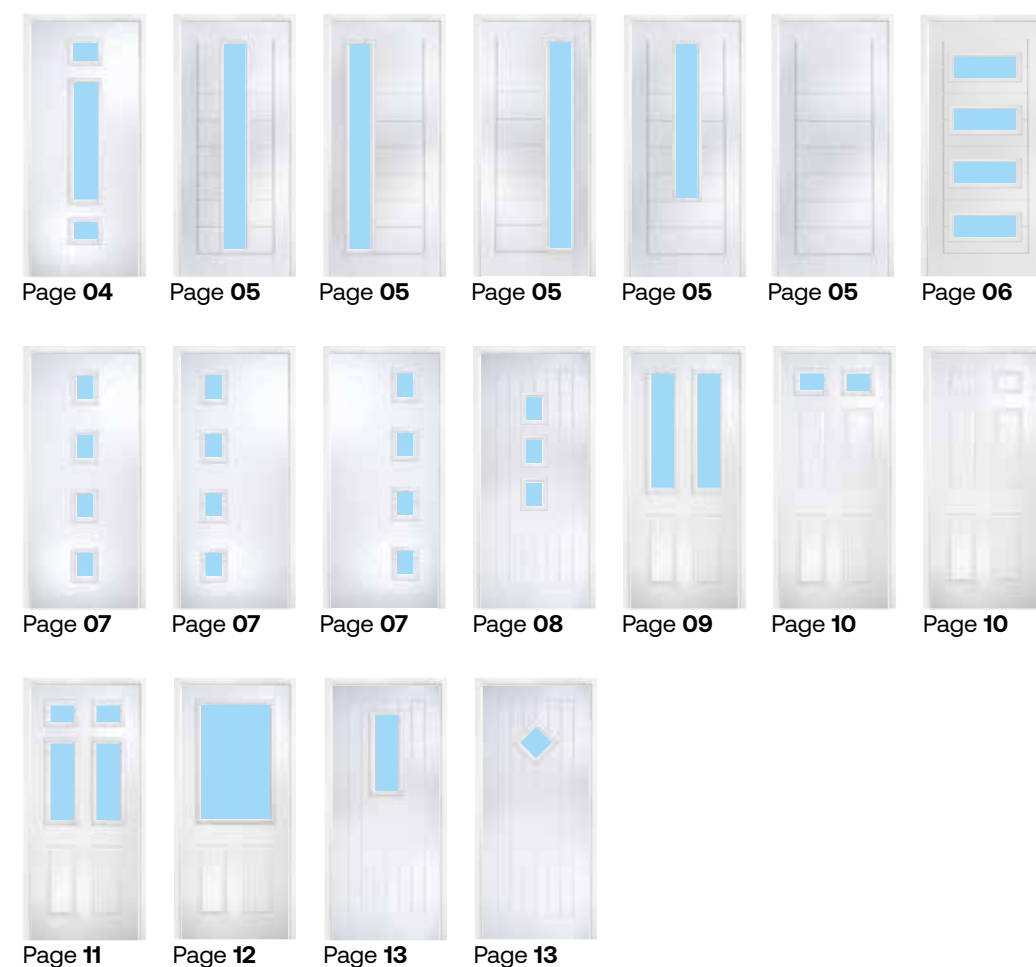

Our Diamond Range of composite doors are manufactured with a high insulation foam core, which delivers outstanding thermal performance, to keep the heat in and the cold out.

Durable glass reinforced plastic (GRP) skins provide a rich, authentic timber grain in a range of traditional and contemporary colours that are highly resistant to denting, peeling, flaking or fading.

High security locking and reinforced PVC-U frame comes as standard to protect you, your family and your home.

Diamond range - **select a style**

The Diamond Door Difference

Choice of popular traditional and contemporary styles

Range of attractive colour options to enhance any property

Encapsulated edge banding around the perimeter of the door for a neat, waterproof finish

High insulation foam core, for superior energy efficiency

Authentic timber grained GRP skins

Available with white internal face only

Colour Options

Our Diamond range of doors offer a large selection of colour options. Our most popular colours are available from our standard range, or alternatively if you are looking for something a bit different, there are some exquisite colours in our non standard range that will make your property stand out.
