Solid to the core

The Encore Range is the ultimate in composite door technology and performance. Meticulously constructed from 48mm solid engineered timber core to provide reassuring strength and rigidity, not to mention its proven resistance to warping, twisting and bowing.

Encore doors also use advanced Cool Skin heat reflective door skin technology to reduce heat absorption, and offer improved scratch resistance and weather performance.

The Encore range has been carefully produced using only the highest quality materials, built to last and has been subject to rigorous testing, giving homeowners total peace of mind.

Encore range - select a style

The Encore Door Benefits

Choice of popular style to suit all tastes

High performance engineered timber core

Cool Skin heat reflective door skin technology

Perfect frame & door leaf colour matching option

Encapsulated edge banding around the perimeter of the door for a neat, waterproof finish
